Mario's Pizzeria

User

System/program

Mario's Pizzeria

Customer calls in to order a pizza

System skal som
standard altid vise menu

Alphonso
takes order

System
displays menu

Order is added
to arraylist
(multiple?)

Mario makes pizza

Customer picks
up pizza

Alphonso wishes to delete
order

Order is removed
from list

Adds order to statistics
(Type, price, time)

Mulighed for at
slette statistik?

Order finished
